"It always amazes me to look at the little, wrinkled brown seeds and think of the rainbows in 'em," said Captain Jim. "When I ponder on them seeds I don't find it nowise hard to believe that we've got souls that'll live in other worlds. You couldn't hardly believe there was life in them tiny things, some no bigger than grains of dust, let alone colour and scent, if you hadn't seen the miracle, could you?"

# News from UPEI

Due to co-operative weather, construction at the Canadian Centre for Climate Change and Adaptation in St. Peter's Bay is progressing well as seen in these photos. With 99 per cent of the project having been tendered, the remaining exterior, as well as the mechanical, electrical, and interior work will take place later this spring.

# News from Parks Canada

## **Government of Canada adds over 405 acres of land to PEI National Park at Greenwich**

On March 24, the Honourable Jonathan Wilkinson, Minister of Environment and Climate Change and Minister responsible for Parks Canada, and the Honourable Lawrence MacAulay, Minister of Veterans Affairs and Member of Parliament for Cardigan, announced that the Government of Canada purchased a 405-acre property in Greenwich. The property is adjacent to PEI National Park at Greenwich and will be added to the park.

Parks Canada wishes to thank the sellers for their generous contribution to the conservation of this ecologically significant land. As with all property acquired by Parks Canada, PEI National Park will work to ensure that the ecological integrity of the land is maintained while continuing to provide opportunities for Canadians to discover and connect with nature. Management of this new land will be guided by the PEI National Park Management Plan and Parks Canada will extend the existing ecological integrity monitoring program already taking place elsewhere in the park to learn more about the ecosystems. ## **Domestic Animal Regulations in Effect as of April 1**

In order to provide a safe environment for visitors and to protect wildlife and their habitats, domestic animals – including dogs, cats, and horses – are not permitted on the beaches of PEI National Park from April 1 to October 15, 2021. The presence of domestic animals on beaches can disrupt wildlife, such as young animals and birds, including the breeding activity of the endangered Piping Plover, which nest on the ground. Anyone caught breaking this law will be subject to a minimum fine of \$100. Dogs are permitted in all other outdoor areas of the park, and visitors are reminded that all pets must be on a leash (maximum length 3 metres) at all times and owners are required to clean up after their pet.

### *Keeping each other safe*

Parks Canada is following the advice and guidance of public health experts and continues to make every effort to limit the spread of COVID-19. Parks Canada continues to ask visitors to practice good trail etiquette and respect two-meter physical distancing as well as enhanced hygiene requirements when they visit places administered by Parks Canada on PEI. Visitors should be prepared to be self-sufficient when they visit, bring their own water and food, and pack extra hygiene supplies such as hand sanitizer and wipes. Visitors should also pack out any refuse from locations where no waste receptacles are available.

Park Wardens remain on duty seven days per week throughout the year. Visitors must note that **during the off-season, only limited emergency service is provided by Parks Canada**. In case of an emergency in the national park, call 911. Visitors who wish to report a non-emergency issue (e.g., facility damage, wildlife concern, law enforcement issue) can call Parks Canada Dispatch at 1-877-852-3100.

Please visit [pc.gc.ca/pei](http://pc.gc.ca/pei) and @PEInationalpark on Facebook to find out what is open, what you can expect, and how to prepare for your visit. If you have comments or inquiries, you may contact A/External Relations Manager Jennifer Stewart at [Jennifer.stewart@canada.ca](mailto:Jennifer.stewart@canada.ca).

## Rural Municipality of St Peter's Bay

The rural municipality of St Peter's Bay had their yearly budget/financial meeting on March 25th and it was voted to have the tax rate remain the same at .40 per \$100 of assessment value.

This rate was put in place at the annual meeting on March 25<sup>th</sup>, 1993 and the motion to have it increased was moved by Phillip Milligan and seconded by the late Stuart MacEwen, as it had been set at .30 per \$100 in 1990 and in 1989 it was set at .25 per \$100 assessment.

## Work and Study Hub at The Community Center

## What are the Work and Study Hubs?

1. This pilot program will offer locations where individuals can bring their personal devices and connect to a "free for acceptable use" wireless connection.

The Work and Study Hubs strive to provide a reliable connection for as many as six individuals at a time.

## Why are we creating this pilot?

The Province is actively working with vendors to expand broadband internet across the Island. This work will better serve Islanders in the future, however, there is a current need. This program recognizes the importance of internet connectivity specifically where COVID-19 has changed the way many Islanders work and learn. This pilot hopes to help in addressing this need.

## What does this mean for Islanders?

1. Islanders, in participating areas who may have limited options for High Speed internet, may choose to visit a "Work and Study Hub" to help fulfill online needs.

This pilot provides a closer-to-home Wi-Fi connection in areas with lower coverage.

## Are there any COVID restrictions?

Physical distancing is required, and a limited number of patrons are permitted at one time. Please follow COVID-19 guidelines for distancing, hand sanitizing, and mask use as posted.

## Where can I find more information?

For further information on this pilot, please contact [myinternet\(link sends e-mail\)@go.pe.ca](mailto:myinternet@go.pe.ca)(link sends e-mail) or 902-620-3974

# St. Peter's Fire Department

Prince Edward Island

## Training schedule for April 2021:

April 05 - Easter Monday  
April 12 - Boat and Water Rescue  
April 19 - Wildland Fires  
April 26 - Meeting

**Department News:** · Please stay tuned for updates on our Mothers Day Lobster Supper!

· Reminder The company that printed our Birthday Calendar has gone out of business so we will no longer have the Birthday Calendar fundraiser. Thank You for your support over the years.

· The St. Peter's Fire Department is looking to recruit new members. We offer many benefits including free, mandatory training in Medical First Responder and NFPA Level 1 Fire Fighting. If you think you may be interested in joining or have some questions, please contact Chief Craig Campbell (evenings) at 902-393-2870.

· Burning Permits are required for any open fire from March 15th to November 30th. You can get your Burn permit at the Forest, Fish and Wildlife office in Southampton. When you get your permit, please read and abide by the conditions found on the permit.

**This month's Safety tips:** · Mid April marks the start of the trout fishing season. Whether you fish from the shore or from a boat be very careful. The water is still very cold and falling in could be very dangerous or even fatal. If you go fishing alone, make sure someone knows where you are in case you do have an accident.

· Now that Spring has arrived, check your Civic Address sign and make sure it is in good repair. Actually do a drive by to ensure the sign is easily seen from the road, so First Responders will be able to find your address any time of the day or night.

· Spring cleaning time is here, homeowners are cleaning up the debris that has been accumulating in basements, storage sheds and garages over the winter. Household and outdoor chemicals, paints and poisons should be properly marked and stored under lock and key, away from children's reach. Properly dispose of any that are leaking, expired or no longer used. Go and see Joe or Wanda at the IWMC depot in Dingwells Mills and they will help.

### The Jack Pots are growing!

<https://rafflebox.ca/raffle/peifirefighters> or find the link on our Facebook page. When purchasing tickets, please select to support the St.Peters Fire Dept when you are purchasing your tickets, as some of the money they raise will be directed to us!
