St. Peters Community Cupboard Hours

Thursday(s) : 9am—8pm

Friday(s) : 9am—2pm

Located at the Dr. Roddie Community Centre

Community Cupboard Donations

We greatly appreciate the donations to our Community Cupboard to help support the individuals and families accessing it. As the Community Cupboard is done on a volunteer basis, we ask that donations be made at our designated time to collect them. It is so wonderful to see the steady flow of drop-offs, but it can be quite challenging to complete the administrative work that is necessary with multiple drop-offs a day and limited office hours. We also ask that it continues to be food only donations as we do not accept clothing or other items because we have limited space. Please make your Community Cupboard drop offs on Tuesday(s) between the hours of 2 – 5 pm at the side door of the Dr. Roddie Community Centre.

Off-Season Access

All Parks Canada visitor facilities and washrooms are closed for the off season. Visitors are still welcome to use PEI National Park trails and access the beaches during the winter months. Visitors are reminded that they are responsible for their own safety and to plan accordingly.

During the winter months, snow will be cleared from the Gulf Shore Parkway between Cavendish and North Rustico and between Brackley and Dalvay.

The following parking areas are also plowed:

- Greenwich Interpretation Centre
- Dalvay Beach
- Bubbling Springs/Farmland Trailhead
- Ross Lane Beach (south lot)
- Shaws Beach
- Brackley Beach
- Cavendish Beach
- North Rustico Beach (paved area)

Trails are not maintained, and emergency services are limited throughout the winter. All off-season visitors should be prepared for harsh weather and natural hazards. Cellular service can be unreliable in parts of PEI National Park. Remember to let someone know where you are going and your anticipated return time before you set out on an adventure.

Wildlife in PEI National Park

December to March is seal pupping season in Atlantic Canada. Seals to watch for include harbour seals, harp seals, grey seals, hooded seals and their pups. But please keep in mind the following:

- While seals spend most of their time in the water, it is completely normal for them to come ashore to rest.
- Do not approach seals on the beach. It is important to remember that seals are wild animals and can act aggressively if they feel threatened. As always, give wildlife their space.
- It is illegal to feed, entice or disturb wildlife. The minimum fine is \$275.
- If you see evidence of injury or illness, including wounds, crusty eyes or malnourishment, call Parks Canada's Dispatch Line: 1-877-852-3100.

Dogs and Domestic Animals

To protect wildlife and the park's fragile natural ecosystem, dogs and other domestic animals must remain on-leash at all times anywhere in PEI National Park—including all trails and beaches. Pet owners are required to clean up after their pets. During the off-season, some waste receptacles have been removed and owners must be prepared to pack out any waste from their visit.

Protecting the Dunes

Dune closures are in effect throughout the off-season. It is prohibited to walk on any part of the sand dunes as they remain fragile year-round. We all have an important part to play in protecting these important wildlife habitats and unique natural features. Thank you to all who continue to protect these treasured areas.

Other PEI National Park News

Campground reservations for the 2024 season in PEI National Park are open. Reservations can be made by calling the Parks Canada Reservation service at 1-877-737-3783, or online at reservation.pc.gc.ca.

Season entry passes for PEI National Park will go on sale April 2nd¹ at www.parksorders.ca. They will also be available for purchase at Ardgowan National Historic Site in Charlottetown Monday to Friday 8:30am-4:30pm.

Passes can be purchased at the Greenwich Interpretation Centre when it opens for the season in early June.

ST PETERS AND AREA RINK AND RECREATION CLUB INC

As many of you are aware the rink has not been open for the past year and has not been operating to its potential for the past few years. Council invited the Board to a mtg. to see what we could do to help.

It was agreed the remaining Board members are unable to deal with the ongoing administrative and management issues of the facility on their own.

We are calling for people in the greater St Peter's Area to come forward with your thoughts and ideas on ways we can best utilize the facility.

WHAT IS NEEDED TO MAKE ANY FUTURE PLAN WORK IS VOLUNTEERS. IF YOU ARE ABLE TO HELP IN ANY CAPACITY AND ARE WILLING TO STEP UP PLEASE EMAIL THE COMMUNITY OFFICE AT stpeters@eastlink.ca AND LET US KNOW

If there is an indication of enough community interest we will follow up with a community meeting in April .

Canadian Red Cross Health Equipment Loan Program

The Health Equipment Loan Program (HELP) of the Canadian Red Cross allows people to return home from hospital earlier or recover more safely at home from serious injury, illness or surgery, and gives independence and dignity to those in palliative care.

Individuals can receive short-term loans of mobility and safety devices such as wheelchairs, walkers, bath seats, benches, commodes and toilet seats, crutches and canes, bed handles and other durable medical equipment.

There is no charge for loans but a written referral outlining what items are needed is required from a doctor or other medical professional.

Canadian Centre for Climate Change and Adaption

Visit the Gallery at the Canadian Centre for Climate Change and Adaptation, open to the public every Friday from 9:30 AM to 4:00 PM with free admission.

From March 15th to May 3rd, explore our latest exhibition by Climate Artist-in-Residence Elder Francis Jadis. Jadis sheds light on the challenges facing Black Ash basketry due to forests becoming susceptible to threats like the Emerald Ash Borer beetle, caused by the effects of climate change, thus jeopardizing traditional Mi'kmaw basketry practices.

Through maps, family photos, and handmade baskets, Jadis's exhibition will be a compelling exploration of art, climate change, and cultural heritage.

Don't miss it!

Easter Dirt Cake

.Prep Time: 30 minutes, Total Time: 4 hours and 30 minutes, Serve 12, 9 x 13 pan

Ingredients

- 14.3 ounces chocolate sandwich cookies (such as Oreo®)
- ¼ cup salted butter, melted
- ½ cup salted butter, softened
- nonstick cooking spray
- 1 (8 ounce) package cream cheese, softened
- 1 ½ cups powdered sugar, divided
- 2 (3.4 ounce) packages instant vanilla pudding mix (such as Jell-O®)
- 3 cups whole milk
- 2 teaspoons vanilla extract
- 1 cup heavy whipping cream
- ¼ teaspoon cream of tartar

Peeps and Easter Eggs

Directions

Step 1: Gather all ingredients

Step 2: Process cookies and melted butter in the bowl of a food processor until cookies are finely ground and mixture is thoroughly combined. Reserve 1 1/2 cups of mixture for topping cake

Step 3: Press remaining mixture into a lightly greased (with cooking spray) 9x13-inch baking dish. Chill while preparing filling, about 20 minutes.

Step 4: Beat softened butter and cream cheese at medium speed with a stand mixer, fitted with the paddle attachment, until creamy, 1 to 2 minutes. Gradually add 1 1/4 cups powdered sugar and beat until very creamy and thoroughly combined, about 1 minute.

Step 5: Beat pudding mix, milk, and vanilla in a medium bowl with an electric mixer at medium speed for 2 minutes until mixture has thickened. Add pudding mixture to cream cheese mixture and beat at medium speed until very smooth and combined, about 2 minutes.

Step 6: Beat heavy cream and cream of tartar in a medium bowl with an electric mixer at medium speed until foamy, about 2 minutes; gradually add remaining 1/4 cup powdered sugar and beat on medium-high until medium-stiff peaks form, about 5 to 6 minutes. Gently fold whipped cream into cream cheese-pudding mixture.

Step 7: Spoon cream cheese-pudding mixture on top of chocolate cookie crumb mixture in baking dish; smooth with a small off-set spatula.

Step 8: Sprinkle reserved 1 1/2 cups chocolate cookie crumb mixture evenly over top.

Step 9: Cover and chill at least 4 hours, up to 24 hours. Decorate top of cake as desired with desired toppings.

Department News:

- The St. Peters Fire Department would like to recognize some of our firefighters that have been attending classes and studying over the winter. Allie Anderson and Ryan Steadman are working on their level 1 Fire Fighter certification along with Neil Weber who is working on his level 2 Fire Fighter certification.
- The St.Peters Fire Department continues to try to recruit new members. If you think you may be interested in Joining or have some questions, please contact Chief Craig Campbell (902-393-2870) or any Fire Fighter to get more information.

This Month`s Safety Tips

- Lighting matters. Outdoor lighting can be the difference between your home being targeted – or not – by thieves. Motion-sensitive fixtures can help add security and provide light when needed. Also consider using automatic timers or a smart lightbulb that can be controlled remotely to turn lights on and off in various parts of the house to help make it seem like you are home.
- Always make sure that your fire alarms and carbon monoxide detectors are in working condition with fresh batteries and are up-to-date. Although most of these devices will beep or make a noise when they are low battery, it is still important to replace the batteries every couple of months.
- Keep work areas clean. Proper housekeeping alone can go a long way in preventing workplace injury. Injuries such as slips, trips, falls, lacerations, sprains, strains, etc. can be reduced by keeping work areas organized and clean. Basic safety rule: A clean workspace makes it a safe working environment.
